

Battery Handling Safety Picture This

Batteries Can Be Dangerous.

BATTERY SAFETY GUIDELINES

ALWAYS

- + Charge away from flammable materials.
- + Store batteries in a case when not in use.
- + Use chargers designed for your battery.

NEVER

- Store loose batteries in a pocket or bag.
- Use damaged/deformed batteries.
- Leave charging batteries unattended.

FAILING TO DO ANY OF THE ABOVE CAN RESULT
IN SEVERE INJURIES AND/OR PROPERTY DAMAGE.
