

# What if I Forget My Login Information?

No problem!

SafetyNow ILT makes it easy to reset your password.

Simply go to the login page and click on “Forgot Password”. You will be prompted to enter your username or email. A reset password email will be sent to the email address we have on file.

If you forgot your username or email used to create your account you can use the Chat feature on the site to get help right away. If you prefer to speak to someone, call 1-800-667-9300 or email [customerservice@safetynow.com](mailto:customerservice@safetynow.com) and our customer service team will be happy to help you out.
