

# Farm Safety Photo Tips for Media Picture This

## TAKE IT ONLINE

Use Facebook, Instagram, Twitter and YouTube to support your farming, connect with friends, coworkers, businesses and agriculture groups.

### Facebook

React to posts — like, share or comment 

Set up a business account for your farm to keep the community updated on seasonal events 

Post images, videos and host Facebook Lives 

**Facebook Groups:** For pulse-related news, advice and to share your ideas, connect with local farmers, researchers and other industry members on the USA PulsED group

### Instagram

Share photos, videos, Instagram Stories and live video 

Link your Facebook business page to post on both 

### Twitter

Share relevant articles and pictures 

Add hashtags (#) to identify keywords and topics  
#harvest #agriculture #MyPulseFarm 

Retweet posts to share and like or reply to posts you want to interact with 

Follow @USAPulsED to get pulse industry updates 

### YouTube

USA Pulses has videos of webinars, discussions, risk management tools and more
