

Flagger Safety Infographic

B.C. FLAGGER SAFETY

There are between 5,000 and 6,000 traffic control persons (TCPs), or flaggers, working in B.C. Here is data on roadside worker deaths and injuries from being hit by a vehicle, courtesy of WorkSafeBC.

12 deaths
12 deaths represented by 12 grey human figures.

218 injuries
218 injuries represented by 218 grey human figures.
between 2008 and 2017.

of those almost
50% were
TCPs

Examples of roadside workers include: TCPs, municipal workers, landscapers, telecommunications and utility workers, tow truck drivers and first responders.
