Groundskeeping Checklist

Groundskeeping

- Are employees wearing proper PPE & clothing (inc. eye, ear, hand protection)
- Inspect all mowers, weed trimmers, leaf blowers prior to use.
- Are all safety shields in place and not damaged/or tampered?
- NEVER touch moving parts, always make sure the engine is off and cool before touching mechanics.
- After use clean machine and inspect for damage or defaults.
- ALWAYS check oil level prior to use…
