16 TIPS FOR GLASS HANDLING SAFETY

By Mike Troutman

1. CARRY GLASS

to your side with two hands

2. NEVER CARRY

glass under your arm or above your head

3. ALWAYS USE

two team members to move large sheets of glass

4. USE PROPER

hand & body position such that you are not in the "line of fire" in the event of breakage

5. REPLACE worn safety equipment before a job

6. DO NOT stand or walk on broken glass

7. NEVER break glass into smaller pieces with your foot or hand

8. DO NOT

hold on to broken glass or try to stop falling glass; move out of the way to a safe location

9. DO NOT reach or catch glass by the corner of the lite

10. ALWAYS be aware of your surroundings & other team members

11. INSPECT containers & glass before unpacking
