

Housekeeping in the Construction Industry

Picture This

What's wrong in this picture?

Construction sites can be busy and hectic with many workers and multiple contractors carrying on different yet simultaneous operations. What would happen if these groups never cleaned up after themselves? Trash and debris would pile up to become one large hazardous obstacle course.

It's every worker's responsibility to know and follow the site safety plan, practice good housekeeping, follow recommended work practices, and promptly report and/or correct hazards at the worksite.

Keep it clean...a place for everything...everything in its place!!
