How Do You Know? Chapter 1 Video

How do you know if your workforce is properly protected from electrical hazards? The "How Do You Know?" electrical safety awareness program can help you answer this important question. This video provides a brief introduction to the problem of occupational electrical injuries and fatalities and introduces the components of ESFI's new "How Do You Know?" program.

How Do You Know Video Series

1. **How Do You Know?** – Provides a brief introduction to the problem of occupational electrical injuries and fatalities and introduces the components of ESFI's new How Do You Know? program.
2. **What Does Electrical Safety Mean to You?** – Explains the roles of OSHA and NFPA 70E as they relate to electrical safety. It also introduces the Electrical Safety Self-Assessment, an online tool developed to help you evaluate your current electrical safety practices.
3. **Perspectives on Electrical Safety** – These videos illustrate three different personal perspectives on the importance of electrical safety in the workplace.
    - **A Manager's Story**
    - **A Safety Supervisor's Story**
    - **An Employee's Story**
4. **This is How You Know.** – Learn about ESFI's online Electrical Safety Self-Assessment and how it can help you improve the electrical safety of your workplace.
