

Maximizing Your IIPP Infographic

CTI ENVIRONMENTAL
CONSTRUCTION
SAFETY

Injury and Illness Prevention Program (IIPP)

An effective IIPP improves the safety and health in your workplace and reduces costs by good management and employee involvement.

SAFETY FIRST

The infographic is a grayscale composition. On the right, a white hard hat sits on a surface next to a coiled measuring tape. In the center, a large sunburst graphic with many thin rays emanates from a central point. In the bottom left, a diamond-shaped sign with a black border and the words 'SAFETY FIRST' in bold capital letters is set against a background of clouds. The text 'CTI ENVIRONMENTAL CONSTRUCTION SAFETY' is in the top left, and the main title 'Injury and Illness Prevention Program (IIPP)' is in large, bold, serif font on the left. A short paragraph on the right explains the benefits of an IIPP.
