U.S. Department of Labor Fixes Error Dating to 2016 Implementation of “Improve Tracking of Workplace Injuries and Illnesses” Regulation

Following a review of the requirements put in place in 2016 regarding the “Improve Tracking of Workplace Injuries and Illnesses” regulation, OSHA has taken action to correct an error that was made with regard to implementing the final rule.

OSHA determined that Section 18(c)(7) of the Occupational Safety and Health Act, and relevant OSHA regulations pertaining to State Plans, require all affected employers to submit injury and illness data in the Injury Tracking Application (ITA) online portal, **even if the employer is covered by a State Plan that has not completed adoption of their own state rule.**

OSHA immediately notified State Plans and informed them that for Calendar Year 2017 all employers covered by State Plans will be expected to comply. An employer covered by a State Plan that has not completed adoption of a state rule must provide Form 300A data for Calendar Year 2017. **Employers are required to submit their data by July 1, 2018.** There will be no retroactive requirement for employers covered by State Plans that have not adopted a state rule to submit data for Calendar Year 2016.
