PHMSA Hazmat Training Measure

A tool for determining if your hazmat training measures up to the DOT and PHMSA guidelines.

Each hazmat employer must:

- train and test,
- certify; and
- develop and retain records of current training (inclusive of preceding three years) for each hazmat employee (during the period of employment and 90 days thereafter).

Hazmat training must include:general awareness/familiarization;

- function-specific;
- safety;
- security awareness;
- In-depth security training, if a security plan is required; and
- driver training (for each hazmat employee who will operate a motor vehicle).

Frequency of training

Initial training – a new employee, or…
