

Slips and Falls – Avoid Slip-Ups Infographic

Prevent slips, trips and falls at work

Take steps to prevent

- Wear proper footwear with good treads
- Fix loose or curled carpets, mats, floor tiles
- Make sure lighting is bright enough to see properly
- Mark walkway slopes and changes of levels
- Secure trailing cables

Watch out

- Watch for holes, cracks, or uneven, rough areas on walkways
- Take extra care on steps or painted wood on concrete surfaces that could be slippery
- Be aware of icy and snowy conditions

A black silhouette of a person slipping, shown in a dynamic pose with one leg bent and arms outstretched, falling towards a curved line representing a slip. The entire scene is enclosed within a large, black-outlined triangle.

Keep it clean and clear

- Keep floors clean and dry
- Wipe up spills quickly
- Keep aisles and walkways clear of clutter and obstacles
- Clear snow and ice from walkways
