

# Steps to Protect Cleaning Staff During COVID-19 Poster

Your safety is important. These simple steps can help prevent the spread of the coronavirus:

OSHA is responsible for setting and enforcing standards and providing training, outreach, technical assistance and enforcement. OSHA's mission is to prevent and reduce the number and severity of occupational injuries and illnesses by promoting and ensuring safe and healthy working conditions.

## Steps to Protect Cleaning Staff During COVID-19

Your safety is important. These simple steps can help prevent the spread of the coronavirus:

- Stay home if you are sick.
- Wear a face covering.
- Avoid dry sweeping, if feasible or use of high-pressure streams of water.
- Wear disposable gloves to clean, sanitize and disinfect common surfaces.
- Wipe equipment before and after use.
- Use EPA-approved disinfectants or cleaning chemicals.
- Use the warmest water level that is safe and dry laundry completely.
- Wash your hands with soap and water frequently.
- Maintain at least six feet between co-workers and customers.
- Wash your clothes as soon as you get home, if possible.
- Report any safety and health concerns to your supervisor.
